406.01D

Identifying Intermodal Tank Containers

Discipline: Hazardous Materials  
Effective: 1/1/2001  
Revised: 7/5/2010  
Replaces: Firefighter Benchmarks #88

*Anne Huff, Fire Chief*

**I. Objective**

The firefighter, given examples of the following intermodal tank containers, shall identify each container by type:

- A. Non-pressure intermodal
- B. Pressurized intermodal

**II. Instructions – Procedures for Achieving the Objective**

You will be given diagrams of the different types of intermodal tank containers. You shall verbally identify the two types of containers on the diagram. You will begin on my instruction to start. The skill will end when you state to me that you have completed all of the identified steps. Do you understand these instructions?

**III. Examiner's Note**

The firefighter will not be allowed to review the performance steps at the time of testing.

**IV. Preparation & Equipment**

Diagrams of:

- A. Non-pressure intermodal containers
- B. Pressurized intermodal containers

**V. Reference Sources**

- A. TCFP, Performance Standards, Section 166-4.05
- B. NFPA, National Fire Protection Association 472, 3-2.1.1.2, 3-2.1.2.1(b)
- C. IFSTA Hazardous Materials for First Responders, 2<sup>nd</sup> Edition, pages 86-89.
