406.02N

Remote Shut-Off Devices-Fixed Facilities

Discipline: Hazmat – Operations Level

Effective: 3/5/2011

Revised:

Replaces:

Anne Huff, Fire Chief

I. Objective

Given an incident action plan for a hazardous materials/WMD incident, within the capabilities provided, the operations level responder assigned to perform product control shall demonstrate control functions set out in the plan and shall identify and describe the use of emergency remote shutoff devices at fixed facilities.

II. Instructions – Procedures for Achieving the Objective

Given a diagram or image of a fixed facility remote shut-off device, describe its operation and use. You will begin on my instruction to start. The skill will end when you state to me that you have completed all of the identified steps. Do you understand these instructions?

III. Examiner's Note

The responder will not be allowed to review the performance steps at the time of testing.

IV. Preparation & Equipment

Diagrams or images of fixed facility remote shut-off devices.

V. Reference Sources

See Reference Sources in PB 406.02A.
